How Do I? Videos for Instructors

Get Started with MyLab Languages How Do I? Videos

These quick tutorials will walk you through implementation of your MyLab Languages course.

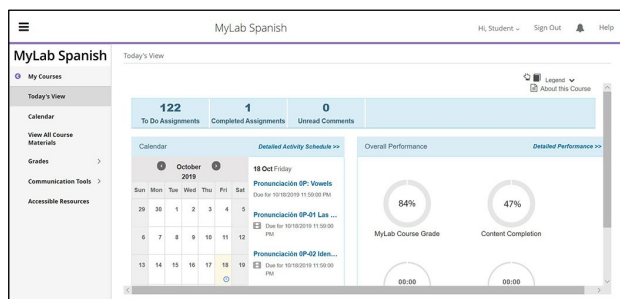

First - Determine Your Course Platform

MyLab Languages consists of two course platforms – MyLab Mastering (MLM) and Pegasus. While both platforms offer similar functionality and resources, there are definite differences. Determine your platform to ensure you utilize the correct video resources.

In general, courses corresponding to texts with a copyright year 2020 or later are MyLab Mastering courses; courses published prior to copyright year 2020 are available in Pegasus.* For more information on how to determine your course platform, [click here](#).
