

MyLab Languages

Quick Start Guides for Instructors

Get Started and Successfully Implement!

Our Instructor Quick Start Guides will show you the basics for getting started with MyLab Languages.

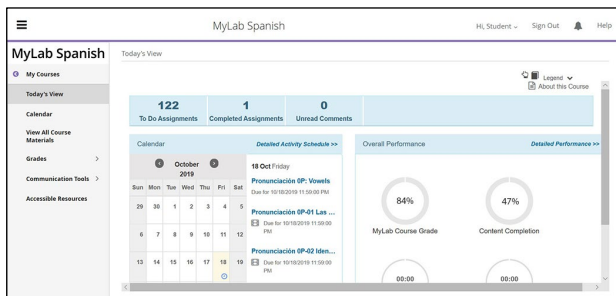

First - Determine Your Course Platform

MyLab Languages consists of two course platforms – MyLab Mastering (MLM) and Pegasus. While both platforms offer similar functionality and resources, there are definite differences. Determine your platform to ensure you utilize the appropriate Quick Start Guide.

In general, courses corresponding to texts with a copyright year 2020 or later are MyLab Mastering courses; courses published prior to copyright year 2020 are available in Pegasus.* For more information on how to determine your course platform, [click here](#).

MyLab Mastering Quick Start Guide

Use this guide if your Today's View looks like this.

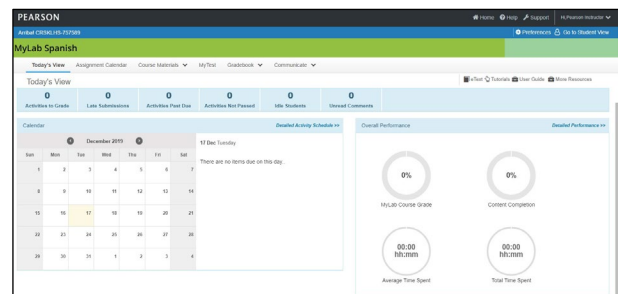

This guide is appropriate for:*

- *Aula abierta*
- *Gente, 4e*
- *Mosaicos, 7e*
- *Conexiones, 6e*
- *Día a día, 2e*
- *Chez nous, 5e*
- *¡Arriba!, 7e*
- *Treffpunkt, 7e*

Pegasus Quick Start Guide

Use this guide if your Today's View looks like this.

**¡Arriba! 7e* and *Treffpunkt 7e* are exceptions and have a course offering on both MyLab Mastering and Pegasus. If you are unsure which course platform your course sits in, please compare the Today's View in your course to those shown.
