

## Screen Magnifiers

Users who have low-vision and need to magnify the page may find that using magnification programs works better for them as there are more options for magnification strength and other display settings including color and contrast.

Magnification Tool	Tips
<b>ZoomText 11 or ZoomText 2018 for Windows 10, 8.1, 7</b>	<p>To increase and decrease the Zoom Level hold down the Caps Lock key and press the UP and Down arrow keys.</p> <ul style="list-style-type: none"><li>• To toggle between the current Zoom Level and 1x hold down the Caps Lock key and press the Enter key.</li><li>• To adjust the font enhancement setting<ol style="list-style-type: none"><li>a.
